# Facility Registry Service Data Access

EN2014 - February, 26 2014

## Overview

- Facility look-up service
- Facility Linkage Application (FLA)
  - Data stewardship tool
  - Allows you to access and suggest corrections to FRS data
- Requirements gathering
  - Two sessions this week and ongoing communication!

## Using the Facility Look-Up API Scenario: Responding to an Emergency

- Facility Look-up service
  - Search for a facility by:
    - State IDs
    - Facility name
    - Address
    - Lat long
    - And more
  - Get data including:
    - State information (submitted through FAC ID)
    - EPA program information
    - Direct reporter information
    - Data from other federal agencies
    - Lat long
    - Radial search
    - Cross state boundary data

## Using the FLA Scenario: Preparing for an Emergency

- Facility Linkage Application (FLA)
  - Make comparisons between State and FRS data
    - Batch upload high priority facilities
  - Quickly and easily correct FRS data
  - Download data
  - Tap into FRS Data Stewardship Network
- Give direct input into how data is shown through FRS
- Understand how State data compares to EPA data

# EPA's use of the Look-up API for Industry Reports

- EPA is integrating look-up rest service into reporting done by Industry
- Looking for state feedback could something like this be useful for states?

## EPA's Use of Look-up API for Industry
